# ABOUT THE EVENT

## EVENT OVERVIEW

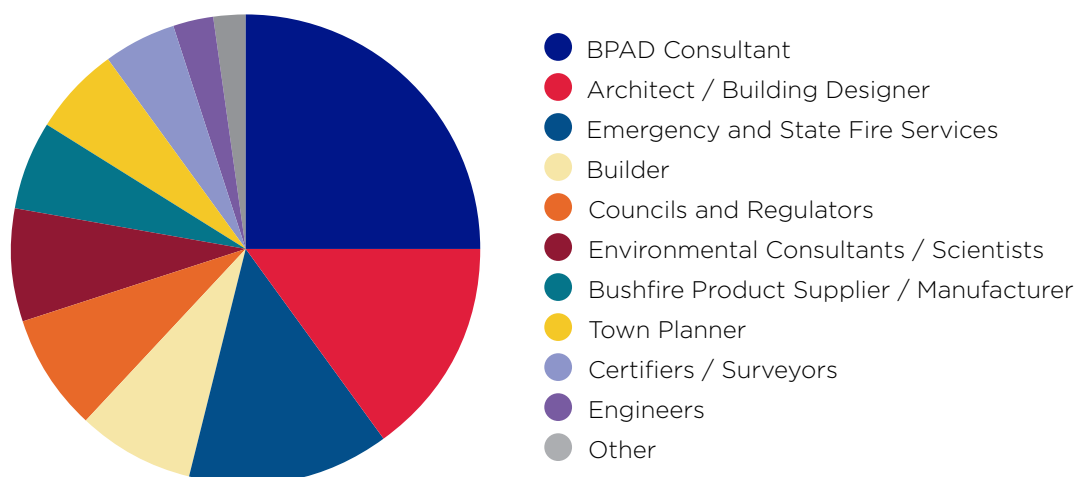

Now in its 10th year, the Australian Bushfire Building Conference brings together industry professionals with a focus on planning and building in bushfire-prone areas. This year, the Conference will showcase how far we've come since our first event in 2015.

The Conference is presented by Blue Mountains Economic Enterprise (BMEE), a not-for-profit organisation for economic development in the Blue Mountains, in partnership with Blue Mountains City Council.

Delegates, sponsors, exhibitors and speakers will meet in the World Heritage listed Blue Mountains to present, showcase, learn, network and discuss business.

## WHY BECOME A SPONSOR

The Australian Bushfire Building Conference brings together architects, designers, bushfire consultants, builders, emergency services, certifiers, planners, researchers, regulators and suppliers.

The 2024 in-person Conference will provide delegates the opportunity to learn about the latest research, policies and practices which they can implement to create a more resilient and sustainable future.

Conference Sponsors have the opportunity to share their products, services and expertise with Australia's best bushfire aware professionals via a range of presentations, workshops, field trips and networking events.
